

A Little Bit of Ireland (Ireland In All of Us)

There's a little bit of Ireland in all of us
The place where our hearts belong
Doesn't matter where we're born
You'll hear it through our songs

We've travelled far through history
Took our homeland over seas
So many countries we've made home
But our hearts will never leave

We sing about the hills of green
And the history of our land
Through times of hardship and all the wrongs
And how we made our stand

So proud to come from Ireland
We all understand
We're the beating heart of this nation strong
Every woman, child and man

To all the Irish around the world
It's what we'll always be
From the USA to Australia
And places in between

We celebrate St Patrick's Day
With marches and parades
Uniting all in voice and song
In that special Irish way

We sing about the hills of green
And the history of our land
Through times of hardship and all the wrongs
And how we made our stand

So proud to come from Ireland
We all understand
We're the beating heart of this nation strong
Every woman, child and man

So proud to come from Ireland
We all understand
We're the beating heart of this nation strong
Every woman, child and man
